Marsha Richmond, Joseph Rankin
Absent with notice: Karen Feathers, Jennifer Beebe-Dimmer, Frances Brockington, James Moseley,
Jeffrey Potoff
Absent: Thomas Simpson

The committee reviewed the proposed charge from the policy committee and prioritized the list as follows. It was also agreed that we attempt to schedule visits from the designated individuals over the course of the Fall and Winter Terms.

1. APEX program. Target for October meeting
2. Evaluation of Online Courses. Target for Winter 2014
3. Retention. Ask for when data will be available.
4. New Admissions policy
5. General Education – We understand that this is an issue that the provost is going to address.
(Joe R. will advise)
6. Drop Policy. Target for early 2014.
7. State Hall renovation. Those present agreed that this was a low priority.
8. Rejuvenated curriculum. (See below.)
9. Macomb Campus. Will contact Ahmad Ezzeddine to find out availability.

Rejuvenated curriculum. Lou Romano suggested that we might begin by finding out what criteria have been used to discontinue programs using some specific examples. Then we might move to asking which programs are potential targets in the future. Also, are there any plans for combining departments or colleges, any plans on reorganizing colleges. Based on the above I would like to leave this as a discussion item for the October meeting.

The committee was asked to add an additional item to the agenda by Joseph Rankin.

- The HLC Accreditation Process. The assessments process that is being utilized.

Date of Next Meeting October 22, 3:00 pm **Faculty Administration Bldg.** (first floor west side of bldg).
