

Charges to Standing Committees 2023-24

DEI:

- Suggestions for bylaws amendments regarding how Senate statements on larger national issues regarding education and discrimination, or our own university's handling of such issues, should proceed through Senate processes
- Review school/college DEI strategic plans to see if there are issues that need to be addressed by the Senate
- Consider any other unnecessary administrative hurdles within the scope of your committee that could be removed and whether these would require statutory changes? Dean or chair directives? Faculty activism? Etc.
